Green Lake Association - The GLA is a non-profit membership organization created in 1951 working to promote the conservation of Big Green Lake and its watershed. To meet its mission, the GLA uses its resources to focus on aquatic habitat and fisheries, aquatic invasive species, recreation, water quality, and watershed education.

Green Lake Conservancy - The GLC is a community-based non-profit land trust that works to preserve, protect and enhance the aesthetic, ecological and recreational qualities of places that make the greater Green Lake watershed special. The GLC helps to identify environmentally sensitive areas and works with landowners to protect and conserve their land.

Green Lake Sanitary District - The District was formed as a means to protect Big Green Lake and its associated resources with respect to sanitation and related land, air and water quality matters. We continue to work toward our mission, "To engage in activities that preserve, improve, and protect the natural resources of Big Green Lake and its Watershed."
